HIDDEN DEPTHS DIVE CLUB

TRIP BOOKINGS TERMS & CONDITIONS

Hidden Depths endeavours to offer dive trips to a wide range of experience, qualification and tastes. To ensure we can continue to offer regular club trips, both within the UK and overseas, the following conditions must be observed.

- To secure a place, Hidden Depths Scuba School require a deposit be paid at time of booking. Unless specifically notified otherwise, this will be £50 and is non-refundable. Hidden Depths cannot guarantee your place until deposit is received.
- Balances for trips must be paid in full by 30 days prior to trip departure date. Should your booking be within 30 days of trip departure date, the full fee for the trip must be paid at time of booking.
- Should a trip be cancelled by operator or Hidden Depths due to weather, underwater conditions or other reason, a full refund, including deposit will be given.
- Should a trip be cancelled by club member for any reason with less than 30 days' notice, the full balance will be due, and no refund can be provided.
 - ▶ Hidden Depths can accept a replacement diver (members responsibility) provided the diver is of sufficient qualification and experience for the planned dive(s).
 - ▶ Hidden Depths reserves the right to refuse a replacement diver should these expectations not be met.

HIDDEN DEPTHS DIVE CLUB

KIT HIRE TERMS & CONDITIONS

Hidden Depths believes that divers are ultimately safer and more comfortable in their own personally fitted SCUBA system, exposure protection and accessories. Not all accessories can be hired, either from Hidden Depths or indeed most dive operators and stores. Hidden Depths endeavours to support divers in accessing local and trip diving by offering high quality, safe and affordable equipment hire. To ensure that equipment is both available and of a standard to meet these needs, the following terms and conditions are applicable for kit hire.

- Kit hire must be booked in advance. This includes club cylinders.
- All hire is provided on a first come, first served basis.
- Club cylinders will be provided full of air, and should be returned in the same state. If it is not possible to refill club cylinders on site, you will be charged the cost of a refill.
 - ▶ Should anyone require fills other than with air, this must be by prior arrangement since dedicated O2 clean cylinders need to be allocated. Generally, at least a week's notice would be required.
- Hidden Depths Scuba School cannot be held responsible for loss or damage to equipment once handed over to hirer (or person acting on their behalf) until handover back to Hidden Depths. Any loss or damage to the equipment arising from anything other than fair wear and tear will be charged at replacement cost.
- Equipment shall be rinsed in fresh water (after any sea diving) prior to return to Hidden Depths.
- Weights shall be removed from BC pockets, including trim pockets, cargo pockets and weight integrated pockets before return. Weights shall be returned separately.
- Dust caps must be placed on first stage regulators whenever regulators are not attached to cylinders (between dives and for transport and return).
